About the Club

The Canberra Fisherman's Club Inc. is a sport fishing club that endeavours to promote a social awareness among its members, single or family. General meetings are held on the second Tuesday of every month at the **Eastlakes Football Club No 3 Oxley St Griffith ACT** beginning at 7:30pm. All members and visitors are most welcome.

Members of the Canberra Fisherman's Club are eligible to set Club Records and, upon payment of an Australian National Sport fishing Association (ANSA) affiliation fee, also able to set Australian records, and World records (through ANSA affiliation with the International Game Fishing Association (IGFA)).

Aims of the Club

- To promote sport fishing
- To foster the art of angling
- To teach the art of angling to new members and particularly juniors
- To promote the study and conservation of fish species and the environment
- To co-operate with and support other bodies with similar aims and ideals.

The Club also supports the Recfish Australia National Code of Practice for Recreational and Sport Fishing, which endorses:

1. Quickly and correctly returning unwanted or illegal catch to the water
2. Quickly killing fish that are kept for consumption
3. Using only appropriate, legal tackle, attending gear and valuing the catch
4. Taking no more than our immediate needs
5. Supporting and encouraging activities that preserve, restore and enhance fisheries and fish habitat
6. Understanding and observing all fishing regulations and reporting illegal fishing activities
7. Preventing pollution and protecting wildlife by removing rubbish
8. Taking care when boating and anchoring to avoid damage to wildlife and habitat
9. Using established roads and tracks
10. Reporting environmental damage
11. Avoiding unnecessary interactions with wildlife species and their habitats
12. Practising courtesy towards all those who use inland and coastal waters
13. Obtaining permission from landholders and traditional owners before entering their land
14. Caring for our own safety and the safety of others when fishing.

President's Report

Hi all,

Welcome to the last newsletter in Volume 14 and my last article as President. I've thoroughly enjoyed my time as President for the last 3 years, and Secretary for the year before that; however it's now time for someone else to steer the ship for a while. I intend to remain involved at the committee level, just not in an Executive role.

I think the Club has an interesting time ahead of it. The future is bright, however there is a challenge in keeping the membership active, and also trying to increase the membership. This has been a challenge for some time, something to keep the next Committee busy I'm sure.

Annual General Meeting

As I said in the last newsletter, the AGM is fast approaching. I hope everyone has Tuesday the 9th August marked in their calendar. We need to have a good turnout to ensure we have a quorum for the AGM. The Committee is looking into some finger food to entice you along, so make sure you're on time or you may miss out.

If you've ever thought you'd like to be on the Committee, or even take up an Executive role, this year may be your time to nominate. See you there!

Perpetual Trophies

This is the third and final call to all those who won perpetual trophies and joke trophies last year. If you haven't returned your trophy yet, please make arrangements with one of the Committee, or bring it along to the AGM.

Presentation Dinner

Eastlakes were booked out on the dates we preferred for our Presentation Dinner this year, so we've had to look for alternatives. Chris Head approached the Cafe in the Minter Ellison Building to see what they could do it for us. So we'll be having a very similar meal to last year, with the same subsidy to make it a relatively cheap family evening. It'll be good to see you there. Keep the 3rd of September free, and come along at 7:00 pm to the Presentation Dinner at Mint@Forrest, Minter Ellison Building, Ground Floor, 25 National Circuit, Forrest ACT 2605

Recent and Future Outings

The next outing is the Kioloa/Ulladulla outing, at the end of this week, on the 23rd and 24th July. We have around 13 attending over the weekend, so it should be fun if the weather is kind to us. Hopefully we'll be able to get a bit of an outing report into this newsletter just before it's released so we can let you all know how the weekend went.

On the 13th and 14th August, it's off to Buckenderra again. There are 7 on the list to attend this year. Accommodation usually isn't an issue, so if you want to attend let Keith Smith know. Hopefully the weather will be a bit more favourable this year to make the fishing a bit more pleasant.

The Kalkite outing is on the 24th and 25th September. We have three cabins booked for Kalkite, and a heap of names on the list. It's looking like a very popular outing this year. If you're keen for this outing you'd best let Keith or myself know soon so we can see if there is additional accommodation available.

And then in October it's off to Talbingo again. We've got 6 names already for that outing, which is good. We have a house booked, so there will be room for some more if you're interested. This is usually a good outing, hard fishing but a good event. Last year was very different, with big rains just before the event, closing roads on the Friday. These same rains also filled Blowering Dam, and made Jounama Pond look like a chocolate milkshake. Hopefully the fishing conditions will be a bit better this year.

Well, that's it for me.

Cheers

Greg Davis

Another small Wagonga Flattie!!

Secretary's Report

Members

If you have not done already please **renew** your **membership** as soon as possible for the AGM to cast your votes and to be able to register your captures for the new fishing year competition

Membership form is available from the link below

[CFC Membership Forms](#)

Complete the form and bring it to the next meeting with your payment. If this is not possible you could always complete the form and email it to info@canberrafishos.com or you can fax to my work on 02 6253 6999. Payment can be EFT to the club account using the details below.

BSB: 012-964
Acc #: 270005258
Acc Name: Canberra Fisherman's Club Inc
Description of Transfer: (Please insert your surname and the word membership in this field)

Date for the Diary: AGM Tuesday 9th August from 7:30pm

Make sure you have actioned the following as soon as possible,

1. Renewed your membership
2. Put in your photo's for the photo competition
3. Think about nominating for a committee positions at the AGM (August meeting)
4. Send in articles, stories, pictures etc for the Annual Report, please forward to the editor
5. Forward nominations for the club trophy's (most improved angler, most improved junior angler, most meritorious capture, club person of the year and joke trophies), I am sure there are many more members out there that are worthy of the story to be told, we just need someone to tell them

Canberra Carp-Out 2011

Once again the Canberra Fisherman's Club members, supporters and sponsors can be congratulated on a great effort from all helping to put on a great event. I know this might seem a repeat of what I have previously said but for those who may not have seen the update on the website we managed even with the reduced numbers to raise \$6,457.50. As per previous year's the profits will be donated evenly between native fish stocking of the local lakes and the ACT Eden Monaro Cancer Support Group.

Note: The Canberra Fisherman's Club Committee has unanimously agreed to boost the donation amount to the ACT Eden Monaro Cancer Support Group and will present a cheque for \$4000.00. For more information on the [ACT Eden Monaro Cancer Support Group](#)

We have again submitted a grant application to the ACT Government Festival Fund for the 2012 Canberra Carp-Out. We will let you know how we go

2011 – 2012 outings

I have now updated the website calendar which shows all the outing and meeting through to July 2012, please have a look and see if I have missed anything and if we need to make any additions. New outing cards will be available at the September general meeting

Looking forward to the fishing time to come!!

Chris Head

Recorders Report

Hi All

The 2011/12 fishing year has started fairly slowly with only a few captures coming in, but this isn't all that unusual for this time of year with the weather being fairly cold and wet.

Outings 2011/12

The first outing for 2011/12 was again held at Kioloa on the 23th/24th of July. Unlike last year, the weather was cold, windy, wet and devoid of any captures. I don't think I've ever seen a blank outing sheet before but this makes light work for the recorder.

Looking forward we have the Buckenderra Outing in August, and the Kalkite Outing in September. Both are popular Outings and are relatively cheap and close to home so get your name down if you are interested in catching a few trout, or just a good social weekend away. If your name is not already down for either outing, you better speak to Keith Smith fast as I understand that accommodation may be close to filling.

Returning Perpetual Trophies

Just another reminder if you have any perpetual trophies we will be needing them back as soon as possible, if you can get in touch with me perhaps we can arrange something. Otherwise the next meeting is the AGM on the 9th of August.

Club Championship 2011/12

I appreciate it's not everyone's cup of tea but if you are thinking about having a go at the Championship this year, I would really recommend doing it in an organized fashion. My big tip would be to fish with 1kg line where you can, as fishing 2kg line immediately halves your points. I would also recommend working out what is a large but achievable specimen of each species, and when and where you would likely be able to get it throughout the year. Then tick each one off the list and move on the next species. Try to get some of the big point scoring species, for example we are surrounded by lakes full of big carp which are a great way to get you 400+ points with a minimum of effort, easy to catch, no travel, cheap bait etc. Other species like Stingrays have a lot of potential for points. Don't spend forever trying to catch small tricky species that won't get you many points. Things won't always go to plan, you will get the odd disappointment but this is usually balanced out by the occasional surprise, that's just fishing I suppose. Fishing with the Championship in mind might get you out fishing for species you might not ordinarily fish for, and you might end up finding something different that you really enjoy.

All Tackle Championship 2011/12

The All Tackle Championship is great if you like to go to Club Outings and don't necessarily like to fish with light line for points. You can only score All Tackle points at Outings. To start with you get one All Tackle point just for attending the Outing. As no one caught any fish at the Kioloa Outing, everyone who attended currently sits at the top of the ladder with one point each just for attending. After this you get one point for each legal fish caught with a limit of two points per species. So it's like Noah's Ark really you want to get a pair of every species possible. If there is no legal size then any tiddler is good enough, so don't feel embarrassed to write something small in the Outings book. Non-glamour species like leatherjackets, sweep, mullet, and slimy mackerel are all good for scoring points. You could win the All Tackle by fishing off a jetty with the kids or bottom bashing the reefs; these are good ways to get a wide variety of species. On some of the Freshwater

Outings you are really restricted in the amount of points you can get, for example on an Outing to Eucumbene you could only score a maximum of 5 points (one for attending, 2 rainbows, and 2 browns). So it pays to really cash in at Saltwater Outings as there is a wide range of species to target.

Most Versatile Angler (MVA)

To do well in the Most Versatile Angler you need to enter your fish in different Divisions. A fish of 50 points or more will Score you 1 MVA point and a fish of 100 points or more will score you 2 MVA points. You can score a maximum of 2 MVA points per species per Division. Divisions include Sport fishing, Lure casting, Fly-Fishing;

Game fishing, Hand line, and Land based Game fishing. So for any given species you could score 2 MVA points for Sport fishing, 2 MVA points for Lure casting, 2 MVA points for Fly fishing, etc-etc: Sometimes I can put it in another Division for you, but it helps if you understand how it works and know what Division you want to put it under. It also pays to know which fish are 'Game Fish'. Yes a lot of Game Fish are big Blue water species like Tuna and Marlin but other species commonly caught by our members are also Game Fish such as Carp, Trout, Salmon (Australian and Atlantic), Tailor, Snapper, Australian Bass to name a few.

Recent Captures

I won't go into any detail of last minute captures for 2010/11 so here are the first few captures submitted for 2011/12...

The Clark Brothers made the trek to the Hawkesbury to target Hairtail. I'm yet to see the capture forms but I understand they had a successful trip. I am told they had a clean slate on Saturday night, and followed that up with 16 Hairtail, on Sunday, with the largest at 1.39 Kg, and Colin got a 67cm, 2.14 Kg Kingfish on 2 Kg. Chris also hooked a suspected Kingfish, however the hook must have turned in its mouth, and it got off.

Anthony Heiser caught a 1.29 kg salmon on 1 kg off the beach at Durras near the entrance to the lake. Andrew Butt and Chris Lemmon fished the outing weekend at Jindabyne (take note Mr. Rat). I'm told Andrew got a 1.47 kg brown and a rainbow that would have weighed about 0.8kg while Chris landed a rainbow of 0.74 kg.

Hope to see you all at the AGM on the 9th of August.

Cheers Steve.

The Rats in-depth Report on saving money

Avoiding the Mario Manoeuvre on your iPhone

If there was one product I wish I knew about earlier, it is the OverBoard waterproof phone case for iPhones. This could have saved me a lot of money and inconvenience when I my iPhone was dropped in seawater at the Narooma outing.

Fortunately, the phone was insured through RiskInsure. As the policy only covered loss or physical damage, I was worried RiskInsure would argue that the phone was not 'physically' damaged. The policy does not exclude water damage nor does it define what physical damage means, so I was ready to argue my case if Risk Insure rejected my claim. Risk Insure accepted my claim and I had to get the phone replaced at the nearest 'iPhone Genius Bar' (George Street, Sydney) for \$249. The excess is \$200 so I will only get \$49 back but this is still cheaper than buying a new iPhone.

Nathan at Tackle World Canberra later told me about the OverBoard waterproof phone case. The phone case is a silicon zip lock bag and is 'guaranteed submersible to 19 ft / 6 m' and 'floats safely if dropped in water'. I tested the case with my iPhone in the Tackle World yabby tank – sure enough, it is waterproof, although it does not float. I used it when I went beach fishing at Durras. I was able to answer a phone call, send text messages, take photographs and update facebook. With 20 knot westerlies sandblasting everything on the beach, the case also protected the phone against sand. When I finally caught a fish after sunset, I found it difficult to use the flash to photograph my fish. The other difficulty was removing the phone from the case – the silicon case loves clinging to the iPhone!

The other product I recommend is the Cygnett Workmate Extra Tough Case for iPhone 4. It does make the iPhone feel a lot heavier and makes it hard to get in and out of the OverBoard waterproof phone case. However, it has saved my phone several times now and its orange casing is easy to spot when I'm looking for my phone.

The OverBoard Small Waterproof Phone Case:

Price: \$34.99 at Tackle World

Pros: Waterproof, keeps sand off the phone when at the beach, and you can still use the phone except for taking photos with the flash.

Cons: Does not float, cannot use the flash to take photos, and the silicon casing loves clinging to the phone making it difficult to remove afterwards.

Other: Recommend you attach a floatable camera strap to the OverBoard Small Waterproof Phone Case if you are taking your iPhone on a boat. Also recommend using the Cygnett Workmate Extra Tough Case for iPhone 4 in case you drop the phone while rock fishing at 1080 Beach.

Stathaki	Jessie	Botany Bay SFC	Junior	14

Junior Girls

Busuttil	Breanna	Botany Bay SFC	Junior Girl	35
----------	---------	----------------	-------------	----

Convention Scoring:

3 points per angler for attending a convention.

Each convention has 6 categories (nominated by the hosting club) that are used in the calculation of ACC

points in the ratio 5/4/3/2/1 for places 1st to 5th in each category.

To ensure consistency if there is any tie for a place, the points for both positions will be added and divided and allocated evenly.

A total of 90 points will be available per convention.

Eligibility – Anglers must participate in a minimum of three (3) conventions to be eligible for point score in the final totals at the end of the angling year.
