About the Club

The Canberra Fisherman's Club Inc. is a sport fishing club that endeavours to promote a social awareness among its members, single or family. General meetings are held on the second Tuesday of every month at the **Eastlakes Football Club No 3 Oxley St Griffith ACT** beginning at 7:30pm. All members and visitors are most welcome.

Members of the Canberra Fisherman's Club are eligible to set Club Records and, upon payment of an Australian National Sport fishing Association (ANSA) affiliation fee, also able to set Australian records, and World records (through ANSA affiliation with the International Game Fishing Association (IGFA)).

Aims of the Club

- To promote sport fishing
- To foster the art of angling
- To teach the art of angling to new members and particularly juniors
- To promote the study and conservation of fish species and the environment
- To co-operate with and support other bodies with similar aims and ideals.

The Club also supports the Recfish Australia National Code of Practice for Recreational and Sport Fishing, which endorses:

1. Quickly and correctly returning unwanted or illegal catch to the water
2. Quickly killing fish that are kept for consumption
3. Using only appropriate, legal tackle, attending gear and valuing the catch
4. Taking no more than our immediate needs
5. Supporting and encouraging activities that preserve, restore and enhance fisheries and fish habitat
6. Understanding and observing all fishing regulations and reporting illegal fishing activities
7. Preventing pollution and protecting wildlife by removing rubbish
8. Taking care when boating and anchoring to avoid damage to wildlife and habitat
9. Using established roads and tracks
10. Reporting environmental damage
11. Avoiding unnecessary interactions with wildlife species and their habitats
12. Practising courtesy towards all those who use inland and coastal waters
13. Obtaining permission from landholders and traditional owners before entering their land
14. Caring for our own safety and the safety of others when fishing.

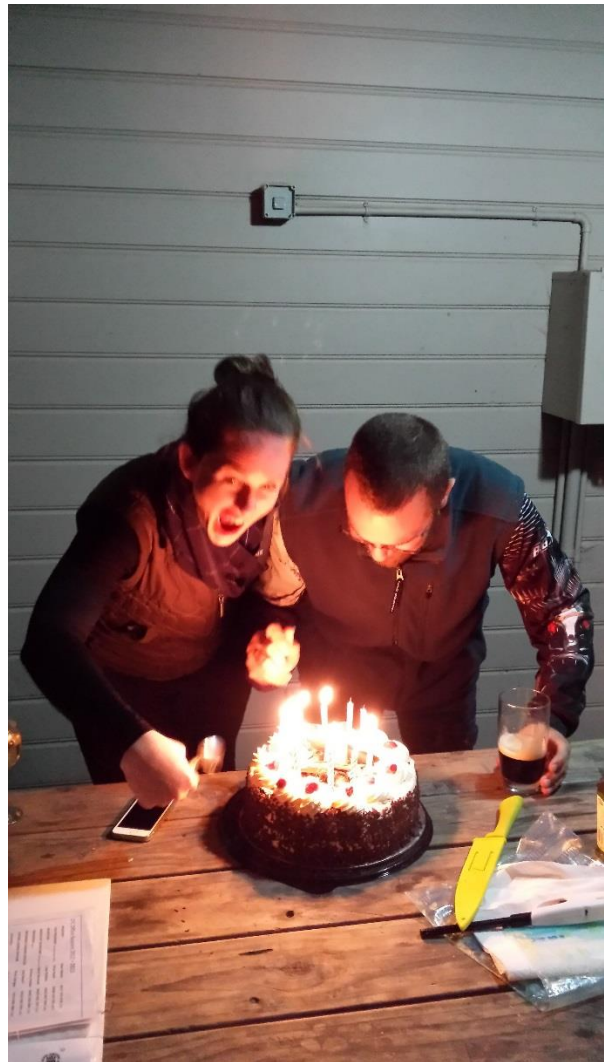

President's Report

Hi everyone,

Well, what a great year it's been! The books have now closed on the 2013-14 Club Championship and trophies are being prepared for Presentation Night. There have been some truly spectacular captures contributing to members' scores and some truly spectacular failures vying for this year's joke trophies. Make sure you reserve the 13th September 2014 in your diary for the annual Presentation Night it will be a great opportunity to show our respect for the achievements of the winners and have a heap of fun remembering what members did to win the joke trophies.

As you read this, we will have returned from two great winter outings: The July Outing was to Ulladulla once again and this time the weather was great. Fishing was a bit quiet on Saturday, but on Sunday morning Mitch and I had a great time jigging for kingfish at the Ulladulla reef. We found a large school of baitfish on the sounder at the drop-off on the northern side of the reef. I managed to jig up a 60cm king (returned to the water unharmed) and a couple of bonito to about the 2kg mark on consecutive drops. With a few bonito around, I swapped the 8kg jig stick for a 2 kg outfit to try for a masters class fish.....only to start hooking up small (300g) silver trevally! Nothing to get the Recorder excited, but it was heaps of fun.

Special thanks to Brian and Coralie for turning the usual Club BBQ into a feast, and to Kristen for sharing her birthday with us. I'm looking forward to next year's trip to Ulladulla already!

The first weekend in August sees the first of this year's alpine trout outings. This one's to Buckenderra on Lake Eucumbene. It's going to be cold, but we usually do pretty well at this outing. It will probably be over by the time you read this – but hopefully I'll have plenty to brag about at the next Club meeting!

But before I get to brag, the evening will start with a special general meeting (SGM) to vote on changes to the Club Constitution to bring it in to line with the 21st century. Then the Club will hold our annual general meeting (AGM) where we get to vote on the executive and committee we want to lead us through the next year. Best of luck to all the candidates – the Canberra Fisherman's Club is very fortunate to have members willing to step forward to guide the Club into the future.

Looking ahead, it's the Burrinjuck Convention's 40th anniversary this year and there are big things planned to celebrate this milestone.

2014-15 is going to be a great year to go fishing and a great year to be a member of the Canberra Fisherman's Club. Best wishes to the new committee!

Keep safe on the water,

Glen

Secretary's Report

Hi everyone,

Welcome to the last newsletter of Volume 17. As a former editor of the Club Newsletter, I can safely say Greg has done an awesome job as Editor for 2013-14. I also thank Dean Brind, Burrinjuck Waters State Park Manager for sharing his Burrinjuck fishing reports, which I'm sure many of you will start studying closely as we head to our historic **40th Burrinjuck Convention on 31 October – 2 November 2014.**

Thank you also to Jon Vogel (aka The Armchair Angler), Chris Head, and Tim Jones for their articles throughout the year. I'd love to see even more articles from members in Volume 18 of our Club Newsletters. I realise I probably encroached into Greg's territory here but I hope he doesn't mind as I am keen to encourage more involvement by our members in the Newsletter.

I also thank Shane Jasprizza for organising the presentation at July General Meeting by Anita Brademann, the Upper Murrumbidgee Demonstration Reach Coordinator. I was unable to attend that presentation but I heard some positive feedback from many of the members who were at the meeting. Shane is also the President of the **Capital Region Fishing Alliance (CRFA)** and, in that capacity, he also arranged for Anita to give that presentation the following night at the Canberra Anglers Association's General Meeting.

Putting on my CRFA Secretary hat now, the Queanbeyan City Council has approached the CRFA about running some fishing clinics or displays at this year's **Queanbeyan River Festival on 11 October 2014.** The CRFA will be meeting in August to discuss what we'll be doing and I'll let everyone know what is planned. But, putting my CFC Secretary's Hat over my CRFA Secretary's hat, this could be used as a sneaky opportunity to do a little promotion of the Burrinjuck Convention on the side.

Annual General Meeting

The Club's **Annual General Meeting** will be held at 7.30 pm, **12 August 2014**, at the Eastlakes Football Club. All committee member positions will become open for application by any member who wants to be more involved to guide the future of the Club.

Nominations are now closed for Committee positions. I thank those who have sent in their nominations. As in previous years, it is possible that we might still be two nominations short of having a full committee. I'm planning on taking on the role of Burrinjuck Sponsorship Officer in 2014-15 so the Secretary's position is one of those two remaining positions we need to fill at the AGM.

The Secretary's role includes taking minutes of our monthly committee meetings, and tracking correspondence in and out of the Club and ensuring the members are kept informed of any important correspondence (either through emails to the membership, the monthly newsletter or by putting it on the President's list of things to discuss at General Meetings).

As there are two committee positions without nominations, the Club's Constitution permits nominations to be accepted at the AGM from any members in attendance. Have a chat to Glen, Chris or myself if you are interested in being on the committee. As I've said previously, it is not necessary for you to have been a member for a long time to join the committee, just a willingness to be actively involved in seeing the club grow and continually improve.

Membership Renewal

Membership for 2014-15 is now due. You can renew your membership by posting a membership renewal form (available on our website) with payment to the club's mailbox at PO Box 325, Civic Square ACT 2608 or paying in person at the next general meeting. You can also renew via PayPal via our new website.

Presentation Night and trophies

The Club's **Presentation Night** will be held at **Mint@Forrest** on **13 September 2014**.

If you received a perpetual trophy last year, can you please return them to the Recorder John Bosch as soon as possible. This will make the Committee's job easier in ensuring everyone gets their trophies on Presentation Night.

The Website Forum (and proposed changes to Murray Cod rules in Victoria)

It's great to see that the Members' Forum on our new website is starting to pick up. However, I'd love to see more members making use of the forum, especially when this was the number one request our members have made about the Club website over the years.

As Secretary, I get a lot of reports, newsletters, and submissions from peak bodies to government on recreational fishing issues, and other updates from peak bodies such as ANSA NSW, the Recreational Fishing Alliance of NSW, and the NSW Council of Freshwater Anglers. In the past, I have not forwarded many of these to you or else I would be sending emails two or three times a week. So I've started posting these in the forum so you can keep up to date with the latest fishing news. You will notice I have already posted some updates in the 'Industry News' Forum and I have posted the St George Sportsfishing Club Newsletter on the 'Fishing reports' Forum.

Hopefully, some of you may have noticed on one of the updates I posted that the Victorian Government is proposing to change the slot limit for Murray Cod from 60 cm – 100 cm to 50 cm – 70 cm and to change the river bag limit to one fish (lake bag limit will remain at two fish). The Victorian Government is seeking feedback on the proposal until 30 August 2014.

Let us know via the forums if you agree or disagree with the proposal and whether the Club should write a submission on behalf of its members.

Anthony Heiser

Recorder's Report

G'day all,

Welcome to the new club championship year. I haven't heard of any changes to the ANSA rules or eligible captures list this year, so for now I'm assuming it is business as usual. If we do hear of a change I will be sure let you know.

The only captures recorded so far are those made at the recent Kioloa outing. Only two members recorded entries for club points. Chris and Glen can be proud of their first and second places in almost every category at this stage. Glen did make more headway in the All Tackle Points competition by catching a variety of species.

The next outing is once again Buckenderra, possibly the coldest outing we plan. Good luck to all those going. Being only a week after the Kioloa outing, it's a busy time for those regular outings goers.

This year we have clarified that pre-test line must be used for the club points based competitions. In the next newsletter I will make an effort to provide more information on how to fish line class using pre-tested line from a rules point of view. Unfortunately, with work pressures and having to get reports ready for the annual report I just haven't been able to get to it this month.

Lastly, remember that the new length species for saltwater is Tailor.

Keep safe out there on the water, especially during these cold winter months, and keep those capture forms rolling in

John.

News & Stories

ANSA Queensland's Tagging Awards Night

by Anthony Heiser

In July, I found myself stranded in Brisbane without any fishing gear...fortunately, ANSA Qld came to my rescue and kindly welcomed me at the ANSA Qld Tagging Night on 16 July 2014.

Some of you may know that I've been to and from Brisbane a few times since May this year after my Mum was diagnosed with cancer. I flew up to Brisbane on 26 June 2014 for what I expected would be a short visit so I only took hand luggage with me. After a week, it became clear that I was going to be stuck in Brisbane until the third week of July (and now the first weekend of August). So not only was I missing out on the July General Meeting, but I was going to miss the July and August outings and my attendance in September is uncertain (leaving my defence of the All Tackle Championship in 2014-15 in great disarray).

When I moved to Canberra ten years ago, I left a lot of my old fishing gear at Mum's place. Over the years, I discovered Mum had stripped the runners off my rods to convert them to curtain rods and what survived got washed away in the 2011 flood. So I got on the internet and looked up ANSA Qld's website to find what ANSA Clubs were in Brisbane, which led me to the Brisbane Sportsfishing Club website.

I then emailed just about every contact detail I could find on the website with an *SOS – I'm stuck in Brisbane can I please come to your July meeting* email. Later that day, Stefan Sawynok, Moreton Bay Tag and Release Sportsfishing Club and ANSA Qld Secretary, emailed me inviting me to the ANSA Qld Tagging Awards Night. I later found out that the Brisbane Sportsfishing Club was renamed Moreton Bay Tag and Release Sportsfishing Club (or Moretag for short).

So on 16 July 2014, I made my way to the Brisbane Sixteen Foot Skiff Sailing Club where the Moretag meets each month. It reminded me of how nervous I felt when I attended my first Canberra Fisherman's Club Meeting. But I soon found that everyone was very welcoming and people were introducing themselves to me and sharing their fishing stories. A few people even asked me what Andrew McGovern was up to these days.

After getting to know a few people and enjoying some light snacks, Stefan got the presentation night up and running. It was an informative night as everything I know about tagging could be written on my left palm with an extra-large Nikko pen. But what I picked up was that ANSA Qld is predominately focused on tagging and length-based competitions. This was a surprise to me as I had always associated ANSA with line-class competitions and masters.

For a complete novice like me, the presentation was a great way to find out about tagging competitions. Awards were offered for total number and total lengths of particular species tagged among the members of ANSA Qld Clubs in South-East Queensland, as well as anglers who targeted a range of species in the most "tagging zones". I also found out that ANSA Qld members can follow their progression towards various tagging masters via an online database. Members can also gain Tagging Accreditation through an online course provided by ANSA Qld. Finally, I gathered from the presentation that there is a healthy rivalry between different regions in Queensland in the tagging scene.

I was also surprised to learn that Snapper is now a target species for soft plastics in the Brisbane River. Having lived in Brisbane all my life until ten years ago, I had never heard of people catching Snapper in the Brisbane River. Some of the ANSA Qld members I spoke to was said that this is a recent phenomenon. Some attributed this to the extensions to the Brisbane Port at Fisherman's Island while others attributed this to the overall improvement in the river's water quality.

We were also treated to an impressive demonstration of a new fishing light recently developed by one of ANSA Qld's members. I won't say too much other than it is designed to attract squid and baitfish and will hopefully be on the market in the near future. The prototype was then auctioned off at the meeting, with the winning bid at \$40. I can see this might come in handy when jigging for yakkas in the early hours of the morning when we go out chasing kingfish next time. So I'll do my best to keep a close eye on how this progresses.

I'd like to thank Stefan Sawynok and everyone else (including Neil, Chris, Glen and Lachlan) for making me feel welcomed at the ANSA Qld Tagging Awards Night and sharing some of their fishing experiences. I've learnt more about fish tagging which I would like to start trying once the Burrinjuck Convention is behind us. And if you decide to visit Queensland and fish with ANSA Qld members, leave your 1 and 2 kg pre-test at Tweed Heads.

This beats the view of the car park at Eastlakes Football Club. Moretag meets at the Brisbane Sixteen Foot Skiff Sailing Club besides the Brisbane River on the third Wednesday of each month.

Burrinjuck Waters State Park Fishing Report 30 July 2014

Current discharge: 515 ML per day.

Water level current: 72.7%

Current inflow: 2203 ML per day.

Water level: 23/07/14 71.6 %

Water visibility: up to 1 metres in main basin

Rain last 7 days: 0 mm

Forecast Weather: Showers are forecast for Thursday & Friday. Frost then sunny for the weekend. Temperatures between 1 and 11 degrees.

Full Moon: August 11th

New Moon: August 26th

Water Temperature: 12 degrees

Murray Cod: Fishing has been slow over the last month or so. The last couple of weekends have seen the return of sunshine but there has been some winter mixed amongst it. I had a couple of reports last weekend of Cod taken while trolling spinner baits in only 3 metres of water. Most fishos have been trolling the edges with the big gear out the back. I have put in about 9 hours over the last 2 weeks and have not turned a real. I have been fishing only on the warmer sunny days, in the middle of the day. There have been no fish caught over the metre, during winter, which I have heard of. It was 12 months ago that Warren Boyd caught his 114cm Burrinjuck beauty. The water level back then was 46.1% September 1st will see the closed season for Murray Cod begin. We can expect the cod to start firing during August as the breeding season approaches.

Warren Boyd 12 months ago

Yellow Belly: Have again been quiet, There were some yellows being caught on the troll at the top end of the dam near Good Hope 2 weeks ago. Bait fishing with worms from the bank in the shallows has been working for a few of the shore based fisherman. A lot of the trees that were producing good numbers of fish have now vanished below the water. Cathedral Rock is now also below the water. I have been able to locate fish holding off rocky points with my Lowrance structure scan, but convincing the docile fish to take a lure presentation is a bit more challenging this time of year. The water temperature needs to reach about 18 degrees before we see the yellows start to fire.

Redfin: There is the odd small fish being caught on worms in the shallows. No big ones and not in large numbers.

Trout: No reports

Park News: We are busy preparing the park for the upcoming Medieval Festival on the 23rd of August. There are still a few cottages available and plenty of camping. Saturday is the main day to see the tournaments/fighting. Also market stalls and rides on the day. \$10.00 entry per person, Children under 10 are free. 02 62278114 for info or bookings.

Annual General Meeting and Special General Meeting

The Canberra Fisherman's Club will hold a Special General Meeting, followed immediately with an Annual General Meeting at 7.30 pm on 12th August 2014, at the Eastlakes Football Club, 3 Oxley Street, Griffith, ACT. The Club will seek members' approval for amendments to the Club's Constitution as outlined below. Nibbles will be provided.

List of proposed amendments to the Canberra Fisherman's Club Constitution

Clause	Provision	Details of amendment
2	Objects of the Club	Updated to cover objects stated on the CFC website and newsletters
5	Membership of the Club	<p>Provisions regarding associate membership and country membership deleted and consequential renumbering of paragraphs. There has also been renumbering of subparagraphs.</p> <p>The Club has not applied the country and associate membership rules for some time. Applying these rules may discourage potential new members from joining. In addition, it would not be good practice to apply these rules selectively to some potential new members and not others.</p>
6	Meetings of the Club	<p>The subparagraphs in paragraph 6(1)(e) have been renumbered.</p> <p>Obsolete wording in paragraph 6(6)(b) removed.</p> <p>A typo in paragraph 6(7)(b) corrected.</p> <p>The subparagraphs in 6(7)(c) renumbered.</p>
7	Officers and the Committee of The Club	<p>Renumbering of subparagraphs.</p> <p>Removal of provisions related to associate memberships in subparagraph 7(4)(a)(ix) (as renumbered).</p> <p>Other minor amendments.</p>
8	Financial affairs of the Club	<p>Renumbering of subparagraphs.</p> <p>Paragraph 8(3)(d) amended to allow up to \$100 in expenses to be paid by petty cash and to allow use of electronic transfers for amounts over \$100.</p> <p>Paragraph 8(3)(e) deleted as the practice of the treasurer presenting invoices to the committee for approval of payment is archaic and has not been followed for some time. Maintaining that practice would impede the Committee's ability to manage the affairs of the Club in an effective and efficient manner without improving the level of oversight in the Club's financial affairs. The current practice is that banks will not approve cheques for payment unless signed by two or more approved signatories, being the President, Vice President, Secretary, and Treasurer.</p> <p>A new paragraph 8(3)(f) has been added to permit the Committee to pay invoices by electronic banking provided two approved signatories approve the payment electronically. Our sponsor Bendigo Bank has set up the facility to allow the Club to approve payments electronically with two or more signatories. The ability to approve payments electronically is needed as suppliers are becoming less willing to accept cheques or take longer to present cheques for payment.</p>

Propose changes to Murray Cod bag and size limits in Victoria

Department of
Environment and
Primary Industries

Media Release

Tuesday 1 July 2014 | Media contact: Paul Sellars 0407 292 287

New Murray cod limits proposed to improve fishery

Freshwater anglers have 60 days to provide Victorian fisheries managers with feedback about proposed changes to Murray cod size limits that are designed to significantly improve stocks.

Fisheries Victoria Executive Director Ross McGowan said more than two decades of fisheries science and some of Victoria's best Murray cod anglers had recently reviewed catch limits.

Mr McGowan said comprehensive modelling had informed the review and suggested Murray cod populations, and stocks available to anglers for harvest, would be much better off under a new "slot limit" of 50cm to 70cm and a reduced daily bag limit of one fish in rivers.

"Narrow slot limits are increasingly used around the world to improve the sustainability of long-lived fish and the quality of fishing for anglers," Mr McGowan said.

"The current 60cm to 100cm slot limit has improved Murray cod populations over recent years, but scientifically-based fine tuning could do even more.

"A slot limit of 50cm to 70cm would prohibit the harvest of Murray cod larger than 70cm while allowing the limited take of smaller fish between 50cm and 70 cm.

"The research suggests that over 15 years, this would significantly improve the sustainability of the fishery, the number of harvestable Murray cod and the number of trophy fish longer than one metre.

"Murray cod take around 10 years to grow from 60cm to 100cm. Under current regulations they remain vulnerable to harvest for this period.

"However, Murray cod grow faster when young, taking around three years to grow from 50cm to 70cm, so are vulnerable to recreational harvest for less time.

"Larger Murray cod are older and more experienced breeders, produce more eggs and contribute more to future generations, so it makes sense to protect their reproductive capacity long-term.

"The proposed 50cm minimum length would permit anglers to harvest Murray cod at a size better suited to the table (around 2.3kg) and without the unpalatable fat that larger cod are known for.

"The reduced daily bag limit for rivers is designed to further protect large breeding fish and encourage natural breeding.

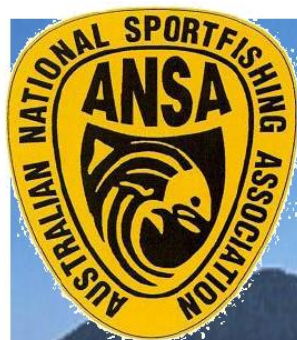

"The bag limit in lakes would remain unchanged at two, given many lake fisheries are stocked annually with Murray cod fingerlings and are thus much less reliant on natural breeding."

A public meeting on the proposal is scheduled for Wednesday 6 August at the Bendigo Legion Angling Club at 7pm. Anglers are encouraged to provide feedback on the proposals.

Submissions close on Friday 29 August, 2014. Learn more at www.depi.vic.gov.au/murraycodslots

From the Editor

This month we have the Club Championship in the newsletter again. Not a great deal there yet, time to get fishin'.

Anthony has once again excelled by providing another great article, a fantastic Secretaries report, and some additional information in the Notices section. Thanks Anthony, and as I say each month, the newsletter would be this go without these articles.

I'll keep on encouraging everyone to send in your photos for the monthly photo competition, it'll help you hone your fisho-graphic skills, and may make your next tackle purchase a little cheaper. It's easier now, you can submit your own entries directly onto the new website. If you have difficulties, let me know and we'll get some additional instructions to you

The winner of the June Photo Competition, as seen on the cover, is Anthony Heiser, with a photo of a 1.05 kg Brou Beach Tailor on 1 kg pre-test. Remember, the winners of the monthly photo comp get a \$20 Tackle World Canberra voucher for their winning pic. The rules of the photo comp are:

- Members can submit up to two photos per month
- The photo must either be taken by the member submitting the photo or a photo of the member
- No photo shopping or other digital enhancements are allowed

Preferably, photos should be 300 KB to 2 MB in size. Photos greater than 2 MB will need to be compressed if you are attempting to email them. You can contact me if you need help with compressing photos.

Also if you have some gear to sell, swap, wanted or barter then send through the details.

All of the above should be emailed to info@canberrafishos.com.

This month's quote is:- "Fish tremble at the sound of my name." ☺

Cheers,

Greg Davis

Work is for those that can't fish!!

June Photo Competition

Brain Stacy with a great Batemans Bay whale sighting

The Armchair Angler (Jon Vogel) with a nice Bass on Fly

An Anthony Heiser "selfie" with a Brou Beach Tailor.

Jon Vogel with a very pretty local Brown Trout

Deano M with a nice Salmon of the beach on a Surf Popper

Tom Jones with a great 5.77 kg Carp on 2 kg line

Anthony with a nice 1.05 kg Brou Beach Tailor on 1 kg pre-test
