About the Club

The Canberra Fisherman's Club Inc. is a sport fishing club that endeavours to promote a social awareness among its members, single or family. General meetings are held on the second Tuesday of every month at the **Eastlakes Football Club No 3 Oxley St Griffith ACT** beginning at 7:30pm. All members and visitors are most welcome.

Members of the Canberra Fisherman's Club are eligible to set Club Records and, upon payment of an Australian National Sport fishing Association (ANSA) affiliation fee, also able to set Australian records, and World records (through ANSA affiliation with the International Game Fishing Association (IGFA)).

Aims of the Club

- To promote sport fishing
- To foster the art of angling
- To teach the art of angling to new members and particularly juniors
- To promote the study and conservation of fish species and the environment
- To co-operate with and support other bodies with similar aims and ideals.

The Club also supports the Recfish Australia National Code of Practice for Recreational and Sport Fishing, which endorses:

1. Quickly and correctly returning unwanted or illegal catch to the water
2. Quickly killing fish that are kept for consumption
3. Using only appropriate, legal tackle, attending gear and valuing the catch
4. Taking no more than our immediate needs
5. Supporting and encouraging activities that preserve, restore and enhance fisheries and fish habitat
6. Understanding and observing all fishing regulations and reporting illegal fishing activities
7. Preventing pollution and protecting wildlife by removing rubbish
8. Taking care when boating and anchoring to avoid damage to wildlife and habitat
9. Using established roads and tracks
10. Reporting environmental damage
11. Avoiding unnecessary interactions with wildlife species and their habitats
12. Practising courtesy towards all those who use inland and coastal waters
13. Obtaining permission from landholders and traditional owners before entering their land
14. Caring for our own safety and the safety of others when fishing.

President's Report

Hello all,

Hoping you all had a great new year and made it safely home from your travels, and hopefully with a few fishy tales to tell. I stayed local and had the rods in the car but, unfortunately, they did not see water.

Although things might be slow at this time of the year, a lot of work has been going on with regards to the up and coming Carp-Out on Sunday 29th of March. Just before Christmas, our permit to use Lennox Gardens was put on hold as another user of the area had damaged the surface and repairs had to be carried out. This caused Parks to reassess how the grounds are to be used and they were suggesting we should hold the event at another park even though our track record has been good for the past 7 years. The good news is after a meeting onsite and some re-arranging of our layout, Parks has now approved our use of Lennox Gardens again.

The fallout from this is that now everything is running behind schedule. The committee is working hard to get things back on track. We have picked up three new sponsors this year which is great. Fyshwick Marine who, along with Gary Cairns, have sponsored the first prize: a Sea Jay 3.55 Angler with a 5 hp Suzuki 4 stroke. Camping World Mitchell has supplied a 9 person tent, sleeping bags and chairs as the second raffle prize and Canberra Marine Centre have supplied a 40lb Minn Kota transom mount electric motor as the third raffle prize. A big thank you to our new sponsors as well as our returning sponsors for the event.

The Tuross Outing was again very successful with CFC members taking over the park camp kitchen for a great Saturday night Barbie. Thanks to all the members that pitched in to make this happen. The McNeices who had a camp site next to our cabins made friends with their campsite neighbours, Brett & Karen. They joined in with members for a beer and a chat and were very interested in the club by the end of the weekend – so potentially members in the making. We caught up with Stu Hindson from [Aussie Fish Estuary Adventures](#) on the weekend as he did four five-hour charters for our club members who were interested. I had the opportunity to fish both mornings with Stu and I must say I had a great time and learnt a lot especial about catching bream and whiting on the surface. I'm looking forward to putting the new found skills in to practice. There will be more details on Tuross in Anthony's outing report.

Couple of other things for the diary – Carpathon has been moved to Sunday 8th February and looks like we might have a guest speaker of the Tuesday February 10th meeting so hope to see you all there.

Tight lines!
Chris Head

Recorder's Report

G'day all,

There's not much for me to report about Carpathon in this report as it was cancelled due to the rain. Some hardy souls did continue fishing though and some Carp were caught, but I haven't seen any capture sheets as yet.

I will leave most of Tuross to Anthony's outing report but suffice it to say, that the fishing was pretty good when you could get on to the water. The southerly came in pretty strong on Sunday afternoon and caused a few of us to get a bit wet just getting back to camp. Despite the conditions, I think the outing capture sheets are the longest I have ever seen. A lot of species that we don't normally see made the sheets thanks to the charters with Stu Hindson where surface fishing seemed to be the go.

Locally, Zane Zhao has taken a commanding lead of the fresh water length competition with some productive Carp catching sessions. Shane Jasprizza's hold on the salt water length is under threat too as a few Tailor were caught during the Tuross outing.

The next outing is the Nowra convention. I expect to see a number of large Flathead showing up this year. If I was going, I think I'd be doing the drive down and fishing the basin rather than the Shoalhaven as a lot of fresh water has been pushing down the river. The Tailor may well be taking off on the basin by then too, so it could be a good opportunity to rack up a decent length in the salt water length competition.

Lastly, I did notice one small interesting fact in the current club championship. I have somehow managed to slip in to third position of the open championship without even rating in the top five of any of the fresh, salt or land based categories. It just goes to show that if you spread your fishing around a few small captures in every category can add up!

That's it from me for another month. Keep those capture forms rolling in!

John.

When giving me scales to test please provide a new battery with them as well. Your scales have a better chance of passing if the battery is fresh, and it's worth replacing it once a year anyway!

News & Stories

Happy Hunting at the Tuross Outing – 23-26 January 2015

By Anthony Heiser

The new year has got off to a cracking start with a great Australia Day weekend at Tuross. Twenty-six members including five juniors attended the outing and over 60 fish were weighed in.

A few of us arrived early on Friday for a pre-fish at Lake Coila although some were more successful than others. Keith Smith and Jon Vogel took home some nice flatties including a couple weighing north of a kilo.

Chris and Wendie flicking soft plastics for jewies

The next morning, Chris Head, Wendie McDonald and myself spent the morning with Stu Hindson of Aussie Fish Estuary Adventures chasing Flathead and Jewfish in the Tuross River. After bagging one Flathead and missing the odd fish, we moved to the oyster beds where Wendie and I mastered the art of testing Stu's patience by connecting with the oyster racks. We ended the morning with an exciting session of chasing Whiting and Bream in the shallows with surface lures. If you've never tried 'walking the dog' with surface lures, you haven't lived! It was a jaw dropping experience watching whiting and bream smashing surface lures in the shallows.

Keith showing the fruits of a productive session at Coila Lake.

We returned to the Tuross Boatshed where Kevin, Brian and Coralie took our seats on board Stu's boat. They too had an exciting session with surface lures and I hear

Brian, Kevin and Coralee with Stu Hindson

Brian landed one Bream, one Flathead and three Whiting and a 0.68 kg Tailor.

Keith and Jon again fished Lake Coila, with Keith landing eight Flathead including one weighing 0.81 kg and Jon landing three Flathead including one weighing 0.83 kg. Also weighing in Bream and Flathead was Greg and Connor Davis and Daniel and Susan McNeice.

Meanwhile, Chris Lemmon and Steve Bailey had a productive session on Brou Beach. Chris landed a 1.2 kg Salmon covered in shark bites and a 34 cm Yellowfin Bream while Steve landed a couple of nice sized Salmon.

Lightning over Lake Coila

I tried out my new fly rod off the bank at Lake Coila but had to call it a day when the lightning started striking. The heavens opened up at 5 pm and so we held our traditional Saturday night BBQ a little earlier than usual. Mick, John and Kevin did fantastic job cooking up the snags, steaks and onion while Wendie and others provided an awesome array of salads.

Kevin and Mick cooking dinner

The three chefs Mick, John and Kevin cooking dinner

Steve, Jon, Chris, Mick and Kristin enjoying dinner

Sebastian, Rose and Greg enjoying dinner

The next morning, I joined Keith on his boat flicked soft plastics on Lake Coila. John and Mick in the *S.S. Minnow* joined us an hour later and proceeded to outfish us two to one. In the

meantime, Chris Head, Jon Vogel and Daniel McNiece chased more Bream and Whiting with Stu Hindson. We all returned back to the cabin with a good haul of Flathead and Bream. I returned back home that afternoon but I'm told those who stayed until Monday caught more fish, including Mick who landed a nice Bream courtesy of a surface lure from Keith.

Chris Lemmon and Steve Bailey had no luck on the beach but Clark Brothers fared better. Colin weighed in a 1.28 kg Salmon and 1.56 kg and Chris weighed in a 1.50 kg Salmon.

On the last morning, the captures of Flathead and Bream continued. Mick Jewry landed two nice Bream using a surface lure he borrowed from Keith the day before (making good his promise to 'make Keith proud').

John Bosch and Mick Jewry on board the S.S. Minnow at Lake Coila

Susan McNeice also finished the last day of the outing with two Bream, the biggest measuring 33 cm while Daniel McNeice landed a 33 cm Whiting and Chris Head landing a 40 cm Flathead.

I'm sure those who attended would agree this was a very enjoyable outing and join me in thanking Kevin Spriggs for his efforts in organising the weekend, to Chris Head for organising the charters with Stu Hindson, and our chefs for organising the food and cooking dinner.

Our next outing will be the Carpathon at Bowen Park, Lake Burley Griffin on 8 February 2015 and the Nowra Convention on 21-22 February 2015.

Catch, Capture, Cuisine: Smoked Flathead Roe

By Anthony Heiser

You would have gathered by now from the previous article that the Flathead were most plentiful on the Australia Day weekend. We were fortunate that we were able to keep four or five fish each for the dinner table and most were full of roe. Roe is not everyone's cup of tea so I gladly accepted any unwanted roe from the other members. With so much roe, I decided it was time to try something other than cooking it up on the fry pan. Being half Japanese, I enjoy eating smoked mullet roe with rice when I can get hold of it. So I decided to see if I could smoke Flathead Roe.

As it turns out, the recipe is very simple. I found this recipe on the net at <http://www.smokai.com/collections/hot-smoke-fish-roe>:

Ingredients

- 300 g Fresh Fish Roe
- 100g Cup non-iodised sea salt
- 100g Light brown cup sugar
- Zest of Half a grated lemon
- 500ml Water

Directions

- Dissolve salt and sugar the water.
- Place roes in brine for 20 minutes.
- Refrigerate overnight to continue curing and surface dry to a pellicle for the smoke to stick to.
- Hot smoke for 1 hour at 80 deg C or until an internal temperature of 70 deg is reached.
- Serve straight away on toast or chill in iced water and refrigerate. Why not try making delicious "Fish Roe Pate" (Taramasalata).
- Will keep in a refrigerator for up to 1 week.

I didn't quite follow the recipe. Instead, I used 1/3 cup of pickling salt and 4 cups of water and brined the roe overnight. I didn't bother with the lemon zest or brown sugar (mainly because I didn't read the recipe fully). I placed the roe in a tray but, in hindsight, it would have been better to place the roe on a wire rack. During the smoking process, liquid from the roe started ponding in the tray and I had to drain it. I also would have ensured the roe was completely dry before smoking it as the smoke did not cling to the roe as well I had hoped. I had the BBQ going at 90°C but I cranked it up to 150°C after it was still not cooked after an hour and left it for another 45 minutes.

The end product could have had a smokier flavour but it was close enough to what I was hoping. The finished product is very salty and you can slice it with a knife. I like to crumble it over a bowl of rice. However, I suspect you could do other things with it as well like turn it into pate as the recipe suggests above.

This recipe might not be everyone's cup of tea but it was a hit with the Japanese ladies who run the café near my work. I hope to get another opportunity to try this recipe. In the meantime, I'll be researching other uses for smoked roe other than as a seasoning for my bowl of rice.

The Flathead Roe getting smoked in my BBQ

From the Editor

Well if you were at the January general meeting, you too would think that was a great way to get the year started. Even though we didn't have a guest speaker this month, we had a great turn out, yet another high-quality raffle (jeez, they seem to be getting better and better these days) and, the member's badge draw didn't go off which means it now jackpots to \$250 for the February meeting – the highest I can remember it ever reaching. That in mind, the Committee will be expecting a huge turn-out at the February meeting and in my opinion, if you were to only attend one general meeting a year, there isn't a more important meeting to attend. Our biggest local event, the Canberra Carp Out will literally be around the corner and there will be plenty of material for you, the members that make this such a great club, to take to your friends and places of business/leisure to promote what I am pre-empting to be one of the biggest Carp Outs this city has ever seen.

Not to put the pressure on but, as a dedicated member (you must be dedicated considering you've gotten this far into my offering this month) you owe it to yourself, your club, your city and your lake to turn up to the February meeting and put your hand up and name down to lend a hand this year. Just quietly, let's show those folks at TAMS that as a club, we provide a hugely beneficial service towards maintaining the environmental sustainability of the local waterways by removing a huge number of pest species. We also provide education and promote ongoing sustainable fishing practices through carp removal and the healthy return of native species. Also, when it comes to the crunch, as a club we all get together to roll up our sleeves and lend a hand to make sure such a huge event is trouble free, litter free, has minimal impact on the local fauna and most importantly, we are capable of leaving the place looking better than how we found it.

Speaking of carp, I hope you're keeping a keen eye on the club total length comps... there is the making of a very nice contest going on behind the scenes of this newsletter each month. So much so that I'm almost tempted to take some bets on who will take the total length titles this year... Hopefully these boys will be lending a hand at the Carp Out (nudge, nudge). It is a great opportunity to get involved in the stalls on the day and help those less fortunate Canberrans that aren't members of our club with their carping techniques, helping out with advice on rigs and methods as well as (dare I say?) sharing your favourite hotspots?

Due to time constraints this month that are a by-product of some very important fishing I'm trying to catch up on, I'll briefly plug for the '*Catch, Capture, Cuisine*' segment but if I get no entries for the February Newsletter, I might have to let this one go the way of 'Old Yeller'. So, if you're keen to show off your talents in the fields of fishing, photography and food plus add a feature of fun and flippant photographic frivolity, please send in some before and after shots of your next catch. Just send them through to editor@canberrafishos.com and add a few words of what, where and how and I'll do the rest to help you look like you know what you're doing when it comes to fishing, photography and food.

Moving forward but keeping on the photographic theme, please continue to create countless creative captures for the camerawork competition that is currently continuing with the cash-like prize from our current caring cronies at Tackle World Canberra. Not only will it help you hone your Photografish skills, if you've sent in the winning photo, Tackle World Canberra will help make your next purchase a little cheaper with a twenty buck voucher. You can submit your entries directly onto our website if you're reluctant to use email, or vice versa. If you have difficulties, let me know and I'll send you to Chris who will give you some additional instructions. He's really good with that sort of thing.

The winner of the December Photo Competition is Anthony Heiser with a pic of his fly fishing carp. That's a very nice pic and fish if I do say so myself. Congratulations Anthony on winning the \$20 Tackle World Canberra voucher for this month. Everyone else, keep the photos coming!

The rules of the photo comp are really simple:

- Members can submit up to two photos per month
- The photo must either be taken by the member submitting the photo or a photo of the member
- No photo shopping or other digital enhancements are allowed

Preferably, photos should be 300 KB to 2 MB in size. Photos greater than 2 MB will need to be compressed if you are attempting to email them. If you're struggling and need help compressing the photos, feel free to contact me because I'm really good at palming this sort of thing off to Chris and Anthony.

If you submit your photos directly to the website you will not have to do any of the above as they will be automatically resized as they upload so this is clearly our preferred method. Don't blow a valve if you do not see your photo on the site straight away, all photos will need some minor human intervention to get to the right place with text you have supplied.

Lastly, if you have some gear to sell, swap, want to purchase, barter or are willing to swap a relative's kidney for, please send through the details.

All of the above should be emailed to info@canberrafishos.com.

To sign off this week, this one is short, silly but worth sharing.

A monastery is in financial trouble so it goes into the fish-and-chips business to help raise money and get out of the red.

One night, a customer knocks on the door.

*A young monk answers and the customer asks,
'Are you the fish friar?'*

'No' he replies proudly, 'I'm the chip monk'.

Catch you next month, unless you're a fish.
If you're a fish, I'll hopefully catch you next week!

Cheers
-Dino-

December Photo Competition

Shane Jasprizza - Tilba Cemetary beach 29-11-14. 35 minutes to land on 65lb braid. Sore back/arms/shoulders next day.

Phil Lawrence - Little cod off the top in the 'bidgee on opening week of the season. Good to get one on the board!

Jon Vogel - "Melbourne Cup Champagne Shot" Location: Napier Broome Bay (North Kimberley, WA). Species: Coral Trout. Tackle: G.Loomis, Shimano 200B, Finns Windtamer, Any Old Lure. Technique: When fish like this are on the bite it pays to be ready, willing, and able to celebrate in style. Comment: This magnificent Coral Trout was caught on Melbourne Cup Day just hours before the race, so there was plenty of champagne already on ice. And just for good measure I won the sweep too :-)

Kevin Spriggs - Another first, 40cm Blue Groper

Jon Vogel - Here's some by-catch (99.0cm / 14.51Kg) Keith & I pick-up at the recent Burrinjuck Outing using a combination of Blind luck, Heightened curiosity, Brilliant eyesight, Team effort, Warped humour, Rat cunning, Good sportsmanship ... and Strong lip-grippers!

Carpathon Flyer

The CFC Annual

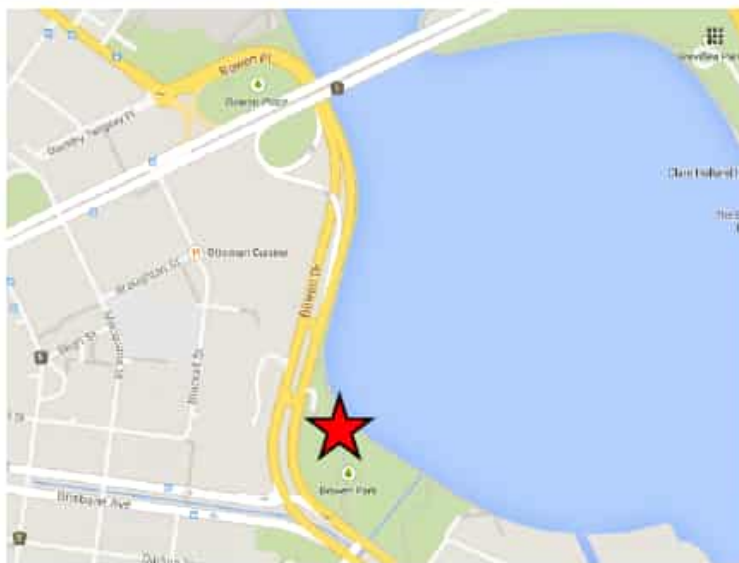

Carpathon

Sunday, 8 February 2015

10 am – 3 pm

Visitors are most welcome

Our Annual Carpathon will be held at Bowen Park on the Kingston Foreshore, Lake Burley Griffin, just past the Kings Avenue Bridge.

- This event is a non-line class competition
- Members are encouraged to help the younger members land their fish.
- Fishing times start at 10.00 am and finish at 3.00 pm followed by the presentation of trophies.
- A sausage sizzle lunch and drinks will be provided for everyone.

Members are most welcome to bring their family and friends – to help with the catering, please make sure you and your family/friend's names are on the catering list (email info@canberrafishos.com to register).

Please note: bring your own food along just in case there is a total fire ban preventing us using the BBQ for the sausage sizzle.
