# About the Club

The Canberra Fisherman's Club Inc. is a sport fishing club that endeavours to promote a social awareness among its members, single or family. General meetings are held on the second Tuesday of every month at the **Eastlakes Football Club No 3 Oxley St Griffith ACT** beginning at 7:30pm. All members and visitors are most welcome.

Members of the Canberra Fisherman's Club are eligible to set Club Records and, upon payment of an Australian National Sport Fishing Association (ANSA) affiliation fee, also able to set Australian records, and World records (through ANSA affiliation with the International Game Fishing Association (IGFA)).

## Aims of the Club

- To promote sport fishing
- To foster the art of angling
- To teach the art of angling to new members and particularly juniors
- To promote the study and conservation of fish species and the environment
- To co-operate with and support other bodies with similar aims and ideals.

The Club also supports the Recfish Australia National Code of Practice for Recreational and Sport Fishing, which endorses:

1. Quickly and correctly returning unwanted or illegal catch to the water
2. Quickly killing fish that are kept for consumption
3. Using only appropriate, legal tackle, attending gear and valuing the catch
4. Taking no more than our immediate needs
5. Supporting and encouraging activities that preserve, restore and enhance fisheries and fish habitat
6. Understanding and observing all fishing regulations and reporting illegal fishing activities
7. Preventing pollution and protecting wildlife by removing rubbish
8. Taking care when boating and anchoring to avoid damage to wildlife and habitat
9. Using established roads and tracks
10. Reporting environmental damage
11. Avoiding unnecessary interactions with wildlife species and their habitats
12. Practising courtesy towards all those who use inland and coastal waters
13. Obtaining permission from landholders and traditional owners before entering their land
14. Caring for our own safety and the safety of others when fishing.

# President's Report

Brett Richards giving a presentation on chasing Flathead and Tailor at St Georges Basin at the March General Meeting

Happy St Patrick's Day! If you're reading this newsletter today, I hope you are enjoying a tacky green-dyed lager of cold beer (I'm not sure they serve that down here but all the pubs and clubs served it back in Brisbane before I moved down here).

In this month's newsletter, we have flyers for the next lot of ANSA Conventions (the 25<sup>th</sup> ANSA Sydney Sportsfishing Tournament on 23-25 March 2018 and the ANSA South Coast Convention on 13-15 April 2018), and Zane's article for the recent 50<sup>th</sup> ANSA Narooma Convention, plus a selection of photos submitted by Chris Lemmon and Steve Bailey.

A big thank you to Lindsay Steel who, as most of you would be aware, has been working with Eastlakes Football Club to ensure we continue to have a venue for our General Meetings. Also, a big thank you to Mick Jewry, who was in discussions with another local club when it looked likely that we would not have a place to meet this month. If you see Lindsay or Mick at the next meeting, please shout them a beer or two. Also deserving a beer is John Bosch, who helped set up our IT for the last General Meeting.

For those who were able to attend our last General Meeting, I think we can all agree that those missed the meeting...missed out. Brett Richards, President of the Professional Fishing Instructors and Guides Association of Australia and guide at Bay & Basin Sportsfishing and National Capital Sportsfishing, gave a fantastic presentation on chasing Flathead and Tailor at St Georges Basin. We learnt a lot about where to target the Flathead and Tailor in SGB and which soft plastics, jigheads and lures to use.

If you missed the 50<sup>th</sup> ANSA Narooma Convention, then all I can say is, you missed out. I don't think the Club weighed in any fish for the Convention but we did have a blast. I won a dozen freshly shucked oysters while Chris Head won a rather large esky and other prizes. We had a short talk from Steve Starlo, who used to fish the Narooma Convention as a young boy chasing whatever he could off the wharfs. It's amazing that some of our most well-known fishos started life out as juniors fishing ANSA Conventions.

It's great to see young anglers attend these conventions. If we want our next generation of anglers to take up Sportsfishing, then let's continue to support the other ANSA Conventions hosted by fellow ANSA Clubs. The next lot of outings for 2018-19 will be set at the May General Meeting – I hope the members will consider including more ANSA Conventions in the next lot of outings.

We are now 3 ½ months away from 2018-19 fishing year. Written nominations for committee positions for 2018-19 are due exactly four months away today on 17 July 2018. As I mentioned in my Editor's Report last month, I decided I would not be continuing as Editor in 2018-19 and was yet to decide whether to stay on in the Committee.

After nine years on the committee, I decided it is finally time to call it a day. I just don't have the time to continue working on the committee that I used to. I also need to attend to other priorities in life now. With four months to send in your written nominations for the 2018-19 committee, I hope other members will be ready to take over next August, as I will step down to take a well-earned rest. I will put nominations forms in next month's newsletter.

Finally, it pays to attend our meetings. If you're name is Greg Davis, you really missed out. Not only did you miss Brett Richard's SGB presentation, you missed out on \$75 after your membership number was drawn for the Lucky Membership Draw. The Lucky Membership Draw jackpots to \$100 at the April General Meeting. To claim the \$100, your membership number needs to be drawn and you need to be present. Otherwise, it jackpots to \$125 in the May General Meeting.

# Secretary's Report

Issues with club members meetings may now be resolved after discussions with the Eastlakes Football Club Operations Manager and their new Functions Manager. We are hoping to work with them closely in the future to make sure that if a meeting date does need to be changed then we are offered reasonable alternatives in the same way we have been in the past.

March is usually a very busy month in the lead up to the Carp Out but, as everyone knows, it was postponed this year. If people wish to be involved in helping to promote the club then there is the Connect and Participate (CAP) Expo held on Saturday 24 March 2018 at the Old Bus Depot in Kingston. If you have time to be able to give during the day, please contact me.

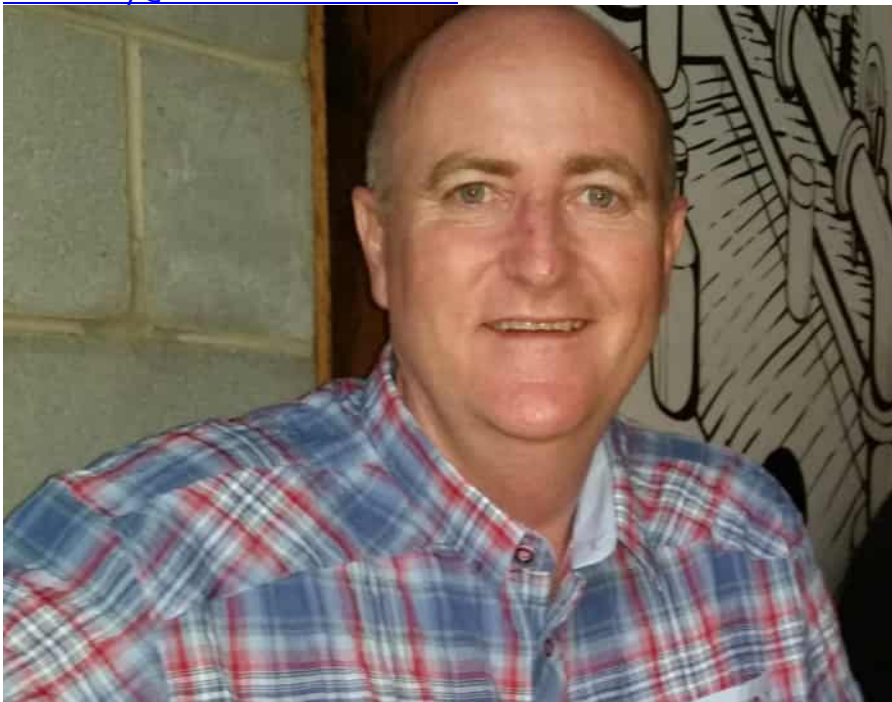

Not having to do the Carp Out has also allowed us to start thinking about Burrinjuck this year. Mick Jewry has already started to put a sponsorship letter together for Burrinjuck, so he can start sending out letters to avoid the rush of last year. If anyone has ideas for sponsors for Burrinjuck, then I am sure he would appreciate any ideas.

Anyway, I hope everyone is getting lots of fishing in over Easter and I will see you at the next club meeting.

# Recorder's Report

I hope that you have been able to wet a line in over the last month and been skilful enough to get some good catches. I have entered this month's capture sheets from this month's outing and it was pleasing to see the number of captures increasing along with a better attendance at the outing.

If you are also fishing outside of the club outings, I encourage you to record those captures and get them into me. So if you have been lucky enough to catch a fish please get the recordings in to me as it has been a slow year to date. You can email those captures to me at either [Recorder@canberrafishos.com](mailto:Recorder@canberrafishos.com) or my personal account of [Mickpeel@tpg.com.au](mailto:Mickpeel@tpg.com.au). A

s I am writing this report the weather is starting to get cooler in Canberra. While we still have daylight for a number of hours after work, I encourage you to get out to the local lakes or rivers on your way home from work.

I am hoping to take some time off work in March the actual start date will depend when I complete a task at work but I intend to hit the mountain lakes and rivers for some trout so for those of you currently leading this year's competition look out I hope to give you a run for the competition.

# ANSA NSW Convention Memo to Clubs

## Australian National Sportfishing Association N.S.W. Branch

PO BOX 481 MATRAVILLE NSW 2036

### MEMO

**TO:** All Club Secretaries  
**FROM:** ANSA NSW State Executive  
**DATE:** 5<sup>th</sup> January 2018  
**SUBJECT:** ANSA NSW Convention Entrants 2018.

---

#### RE: ANSA NSW CONVENTION MEMO

With the 2018 ANSA NSW Conventions kicking in to top gear it is critical that all ANSA NSW Clubs ensure that membership fees are paid to ANSA NSW a minimum of 7 days prior to any Convention their members are fishing.

With the ANSA NSW Convention Circuit, 12 Month Competition and Sporting Injuries Insurance to coordinate, the ANSA NSW Executive needs to ensure all participants who fish under the ANSA NSW banner are financial.

In order to assist the Host Clubs, ANSA NSW will be providing a current membership list to all ANSA NSW Convention Host Clubs in the week prior to their Convention commencing.

It is mandatory that when a Host Club accepts Club registrations a full list of competitors and their current ANSA number and status MUST be provided by each competing club to the Host Club, when registering their entrants and these be cross checked with the current list ANSA NSW provides.

This process will ensure that those ANSA NSW members who choose to fish the Conventions are covered by Insurance and are eligible to participate in the array of annual competitions.

Whilst the intention is to ensure all ANSA NSW members that fish Conventions are covered by Insurance, ANSA NSW will do its best to assist Clubs in ensuring their member's fees are processed and ANSA numbers issued in a quick and efficient manner in the lead up to any Convention.

J. Garufi

## Zane, Kevin and Brian's Montague Island Adventure

by Zane Zhao, with photos from Zane Zhao and Kevin Spriggs

The Montague Island Shopping Centre Car Park! Photo by Zane Zhao.

At 6 am Saturday morning, Kevin and I headed out to the Narooma boat ramp for our rendezvous with the now famous Stacey Charters down the south coast. The target fish for the day was Kingies and by 6:30 am, we were on the water and heading across the bar with Chris Guion and Rebecca in Chris's boat following us out to the bait grounds.

The Flotilla at the baitfish grounds. Photo by Kevin Spriggs. (Ed - did the two guys in the photo really take their little dinghy out to Montague Island????)

There was a flotilla of boats out there already when we reached the bait grounds. Within 30 minutes, we had the day's supply of yakkas and slimies and was head out to the South of Montague Island to the Kingfish grounds.

The flotilla followed us out there and there was boats everywhere (photos 1) as Brian and Kevin dropped the first two livies down and I tried my hand using soft plastics.

Kevin made the switch to squid after he saw a boat landed two kingfish in quick succession using squid. Brian followed Kevin's lead and I decided to switch to livies. A couple of drifts and Brian was on for his first kingies of the day which ended up going 60 cm. Kevin followed suit with a smaller model of around 55 cm.

After an uneventful few drifts and me donating a full pack of soft plastics to leatherjackets,

Then on the start of the next drift, it was my turn to hook up and the fight was on with 3 kg breakaway. It was over 20 minutes before I gained enough line back to see colour and the fish looked a good size.

Just as Brian came to my aid with the net, a brown shadow of a 1.5 m shark came up to my catch and, in a flash, my fish was gone and Brian laughed and announced that I've been "sharked"!

I of course kept myself to blurting out multiple combinations of 4 letter words that are not safe for the newsletter.

I re-rigged and dropped my yakka at the start of the next drift and was washing my hand in the sea as I see my rod tip started to tell-tale sign of my livie getting attention. With my wet hands, I ran pick up my rod clumsily and just as the rod left the holder, the kingie struck and pull the rod away from my hand and into the drink.

The rod was just out of my reach as I started to dish out another fine combination of four letter words. Meanwhile, Kevin came over just in time to see the rod disappear and proclaimed, "yep, it's gone". Thanks Kev, like it wasn't that obvious at the time. :)

Ed - Kevin did not have a photo of Zane losing his rod overboard, but I was able to photoshop one of Kevin's photos to illustrate what this might have looked like.

It just wasn't my morning, but luckily, I brought two rods, so I was not out of action. Not long after that, Brian hooked up to what was our biggest kingie of the day which went close to 80 cm and weight in at just under 3 kg.

On the last few drifts of the morning I managed to boat my first kingfish for the day that when 64-65 cm, it was too close to the legal limit so I dropped it back in to fight another day.

Not long after midday, we've had enough and went closer inshore to drift for flatties. The current was fast which made the drift difficult

and the leatherjackets were tearing through our gear. After managing four flatties and a couple of green toadfish, we called it a day and headed back for a well-deserved afternoon rest.

I caught up with Sarah and Zach and we made a dash to Tilba village to enjoy some scone and Devonshire tea to round off an eventful Saturday.

That's my summary of the most eventful day of the outing, on Sunday Sarah, Zach and I went to Tuross for a fish and managed nine undersized fish (three flatties, five bream, and one whiting) before heading home for some dinner and fishing on the beach and landed a 35 cm salmon.

Cheers

Zane

## Total Length Award species for 2017-18

The Total Length Awards bring on healthy competition from the ranks of the CFC and for 2017-18, the target species are Australian Salmon for the Saltwater section and all Salmonoid species (which includes Brown Trout, Rainbow Trout, Brook Trout, Atlantic Salmon and Chinook Salmon). The new target species applies from 1 July 2017.

**The target species for the 2017-18 fishing year are:**

Saltwater section: Australian Salmon

Freshwater section: All Salmonoid species

**How many metres can you catch?**

We thank you for support and for being such a big part of this year's event!

## From the Editor

Please start sending me your entries for the March photo comp competition for a chance to win a \$20 Tackle World voucher if you are the monthly winner. So far, I'm winning as no one else has submitted photo comp entries. I don't mind winning the monthly photo comp only I keep losing my vouchers (I've misplaced the last three vouchers I have won) so I'd rather someone else win it.

Following Phil Lawrence's suggestion at the December general meeting, the Committee has agreed to trial the following rules for the next 12 months:

- Members can submit up to two photos per month
- The photo must either be taken by the member submitting the photo or a photo of the member holding their capture
- Minor image corrections and cropping is allowed provided this does not lead to misleading or fraudulent alteration or manipulation of the photo
- The Committee reserves the right to exclude any entries it suspects has been subject to misleading or fraudulent alteration or manipulation (e.g. changing the colour of a bucket of blood from red to black – yes someone actually asked me this).

We're not playing for oil wells or sheep stations so we trust there will be no motive for cheating in the monthly photo comp. The Committee will review how the new photo comp rules at the end of 2018.

As I mentioned in the last newsletter, I won't be continuing on as Editor in 2018-19. If anyone is interested in taking over the Editor's role in 2018-19, please feel free to get in touch so I can show you the ropes. The Editor's role has been one of my favourite roles in my nine years on the Committee and is a great tool for showcasing what our Club offers to those thinking of joining.

As always, a huge thank you goes out to our major sponsor, Otto's Tackle World Canberra.

Thank you to everyone at OTWC for supporting this photo competition. More than that, thank you OTWC for the ongoing support extended to the Canberra Fisherman's Club throughout the fishing year. Not to mention, thank you for continually stocking such a great range of gear and always being happy to extend some of the best fishing advice available in Canberra.
